

04.07.2017

As support for our Chair, we are looking for a

RESEARCH ASSISTANT

Studentische Hilfskraft (Hiwi)

Ideally, you can start in September or October for a six months' period, optionally longer.

We need support with the following tasks:

- Preparation of experiments and support in conducting experiments.
- Literature research and preparation of subject matter.
- Evaluation of research data.

We expect you to be reliable, team oriented, open, with a high working motivation, and that you like to deal with people, i.e. with the participants in experiments. Basic knowledge of behavioral economics is recommended, experience with statistical data analysis, or programming is welcome but not compulsory. Necessary are good English skills and the willingness to acquire new skills.

We offer you the chance to actively engage in our research projects and experience diverse research methods and current projects at our Chair of Political Economy.

Please apply with your CV and a transcript of records (Abitur and grades from your university studies) to Sibille Hackel (sibille.hackel@kit.edu).

We are looking forward to receiving your application!
