

Research Assistant (Student. Hilfskraft)

The **Chair of Political Economy** at the Institute of Economics (ECON) is seeking motivated **Research Assistants** to support our research and teaching activities. Our main research areas include **Behavioral Economics, Experimental Economics, and Game Theory**. Learn more about us on <http://polit.econ.kit.edu>.

Your Responsibilities: You will contribute to a variety of research and teaching activities, including:

- **Assisting in the implementation of economic experiments**
(in the KD²Lab or on online platforms such as Prolific, etc.)
- **[If possible] Helping with coding of experimental studies**
(e.g. by the use of Python-based software)
- **Conducting literature research and proofreading academic materials**
- **Helping in the preparation of presentations and documents**
- **Providing administrative support** as needed

Your Profile: We are looking for candidates who:

- Have a **strong interest in Behavioral Economics** and related fields
- Are **reliable and work well in teams**
- Possess **good English skills**
- Have **coding skills** or a willingness to learn some coding
(experience in Python is a plus, but experience with other programming languages is also useful)

We offer:

- A chance to actively participate in **research projects** and gain **hands-on experience** in how to conduct experimental economic research
- A **flexible starting date:** April 2025 or later
- **Mostly flexible working hours**
- A workload within the range of **20-40 hours/month**, as agreed upon before the start of the contract

How to Apply: Please send your CV and a current transcript of records (grades from your university studies) to: Dr. Hannes Rau (hannes.rau@kit.edu) and Sibille Hackel (polit@econ.kit.edu).

We are looking forward to receiving your application!
